Skill Sets (Micro Credentials)

Skill Sets are combinations of units of competency which link to a licence or regulatory requirement or defined industry need. This program offer specialised accredited skill sets from the program start date to advance our students quality employment options.

- MSSSS00020 Apply 5S
- MSSSS00016 Energy Management Skill Set
- MSSSS00028 Lead Sustainability Improvement Skill Set
- MSSSS00029 Contribute to sustainable operations Skill Set
- MSSSS00030 Determine energy use Skill Set

Qualification Outcomes

This course guides students in the development of an ecologically sustainable perspective covering foundations of economic, social, and environmental sustainability performance. Following the course, students will be equipped with the skills required to support implementation of sustainable practices and policies in the workplace.

Skills and Knowledge Development

Upon completion of the course participants will be able to:

- Research and develop strategic sustainability plans
- Understand dynamics of 5S organisation systems
- Measure and report on carbon footprint of a product or product class
- Conduct energy and emission audit
- Understand how to run a business efficiently and sustainably
- Implement ecologically sustainable practices in business operation
- Apply sustainable work health and safety (WHS) policy in the workplace
- Use business platforms to develop sustainability reports
- Support development of case studies for sustainability improvement
- Facilitate sustainability culture improvement in an organisation

Career Outcomes

- Sustainability Advisor
- Sustainable Operations Supervisor
- Sustainable Operations Specialist
 - Sustainability Manager
 - Environmental Officer
 - Sustainability Officer
- Sustainability Coordinator

Vocational Industry Placement (VIP)

Mandatory Vocational Placement program designed to enrich students' educational experience through practical, real world engagement.

- 40 weeks and requiring a commitment of 16 hours per week (Face-to-face or online or combination of both)
- This program pairs students with an Industry Vocational Placement Host providing an invaluable opportunity to apply theoretical knowledge in a professional setting.
- Students have the flexibility to bring their own Vocational Placement Host (possible employers), allowing for a personalised experience that aligns with their career aspirations and interests.

The primary objectives of this placement are skills development, networking, and enhanced employability. Through hands-on experience, students will refine their professional skills, build meaningful industry connections, and significantly boost their job readiness, giving them a competitive edge in the job market.

This mandatory placement is a pivotal component of the Envirotech Education curriculum, ensuring students not only learn but also experience the realities of their chosen field.

About Envirotech

Envirotech Education is an award-winning Australian Registered Training organization (RTO) endorsed by the Australian Skills Quality Authority (ASQA) for delivery of Vocational Education and Training (VET).

Envirotech VET accreditations are offered to: Domestic, Indigenous, international, and school students.

The Team has in-house expert trainers, mentors, and business developers, that are dedicated to connecting students to an industry journey and the development of real business initiatives and sustainable projects.
